

## Accessory List

## Step by Step to Get Started

### Step 1 Charge your Nextbook.

Plug the AC adaptor to any standard wall outlet and the DC-IN port of the Nextbook. It takes about 5 hours to fully charge the battery.

### Step 2 Connect your Nextbook with Wi-Fi.

You can access the Internet with your portable Nextbook. Before launching an Internet application such as web browser, you first need to configure a network.

- (1) Tap the WIFI icon in the Home Screen.

- (2) Tap "Wi-Fi" to turn on the Wi-Fi.

- (3) Tap the "Wi-Fi settings", your Nextbook will scan automatically for available Wi-Fi networks and display them. The list of available networks shows all the wireless networks in range of your device.

- (4) Tap on the network you want to connect to, enter the required network information (password) and then tap on "Connect". Your Nextbook will now attempt to establish a connection to that Wi-Fi hot spot with the network parameters you entered. If the connection is successful, the message Connected to...(Wi-Fi network name) will appear under the WIFI setting.

### Step 3 Enjoy your Nextbook!
