

Your HTC Butterfly s

Inserting your microSIM and microSD cards

Please don't bend or press down the rubber hinge of the slot cover with force to avoid damage or distortion.

SIM eject tool

1. While holding the phone face up and the top panel facing you, open the slot cover with your thumb or finger.

There are two slots inside the compartment. The upper slot contains the SIM card tray.

2. Insert and push the tip of the SIM eject tool (or a small bent paperclip) into the small hole next to the SIM card tray slot until the SIM card tray ejects.
3. Pull the SIM card tray out, and place the microSIM card (contacts facing down and cut-off corner facing out) into the tray. Then insert the tray back into the slot.
4. Insert your microSD card into the storage card slot with its gold contacts facing down and push it in until it clicks into place.
5. To close the slot cover, slightly move it side to side to let the rubber hinge sink down by itself. Then gently press down the cover.

Charge the battery

The battery in your phone hasn't been charged yet. Please use the supplied power adapter to do a full charge before you start using your phone. Also, please don't try to take your phone apart. (If you do, it may invalidate your warranty.)

Choose a rate plan wisely

Depending on how you use your phone, it can use up a lot of Internet bandwidth really quickly. Before you use your phone, we strongly recommend that you contact your mobile operator about data rates.

Using data services while roaming will be costly. Check with your mobile operator for data roaming rates before you use data roaming.

Know about privacy laws

Some countries have strict laws about how and when you can record phone conversations. It's a good idea to find out what the laws are where you live before you use your phone's recording feature.

And finally, a few important words from our legal team (LIMITATION OF DAMAGES)

To the maximum extent permitted by applicable law, in no event shall HTC or its affiliates be liable to you, any user, or third party for any indirect, special, consequential, incidental or punitive damages of any kind, arising in contract, tort, or otherwise, including, but not limited to, injury, loss of revenue, loss of goodwill, loss of business opportunity, loss of data, and/or loss of profits, regardless of the foreseeability thereof or whether HTC or its affiliates have been advised of the possibility of such damages. And in no event shall the total liability of HTC or its affiliates exceed the amount received from you, regardless of the legal theory under which the cause of action is brought. The foregoing does not affect any statutory rights which may not be disclaimed.
